DETAILED ACTION

Applicant's amendments filed October 2, 2008 have been entered. Claims 1-11 are pending.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Applicant's remarks with regards to the Rehman reference have been considered, and are found persuasive to withdraw the outstanding rejection under 35 USC 103(a). Upon reconsideration, Rehman discloses the different effects as to the erection and intromission produced by various 5HT-1A agonists. Although 5HT-1A agonists buspirone and gepirone produce intromission in rats, the other 5HT-1A agonist, DPAT, does not. With the applicant's amendments limits the sexual dysfunction to hypoactive sexual desire disorder, orgasmic disorder, and sexual arousal disorder, the treatment would require more than just inducing erection and intromission by gepirone. The herein claimed method of treating hypoactive sexual desire disorder, orgasmic disorder, and sexual arousal disorder by employing gepirone is not taught or fairly suggested by the prior art.

Claims 1-11 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
